

## House Bound Mama

*Music & Lyrics: Darlene Olson*

Well all week long I've cooked your meals  
And cleaned your house  
Making sure the kids are fed  
And the garbage out  
You think that all I do is sit around  
Well its time this house bound mama  
Hits the town  
Cause all this staying at home is getting me down  
Now watch out boys this girl is coming to town

Well all day long the soaps are on T.V.  
Do you remember what you said to me?  
Oh, watcha do all day this house's a mess?  
Well listen mister I can't get no rest  
Cause all this staying at home is getting me down  
Now watch out boy this girl is hittin the town

Lead:

"Watch me boys"

All year long I've put up with your crap  
Telling me this time it's gonna last  
Oh every time I seem to turn around  
Well it's one more thing that seems to bring me down  
Cause all this staying at home is getting me down  
Now watch out boy this girl is hittin' the town

Lead: "Watch Me Boys"
